Week 7 of 9

Kia ora koutou

Welcome Tia and Deacon to Kawhia School and also welcome back to LeBron and DeRay.

Cross Country

Congratulations to all the children who took part in our Kawhia School Cross Country last Friday. Results and photos on the next page and many more photos can be found on our school Facebook page.

Thanks to all the parents who came along to support, cook and play with the children for the afternoon.

Having the cross country at the Domain worked out very well. The children were happily challenged and we could see and encourage them all the way.

Headlice—Kutus

With the warmer weather we've had over the winter and earlier spring, it seems like headlice have been having quite a party. Unfortunately, that means children who are scratching and may not realise they are passing it on to others. Please check your children's hair regularly.

I am working with our Public Health Nurse, Donna Murray, to come up with a solution to help get rid of them. She has even offered to treat hair but we will advise you of the process and permissions required before we go down this track. Donna assures me we are not the only school with this problem!

Farewell for retiring mayor, Dale Willians

Our school has been invited to participate and perform at Mayor Dale Willians farewell to be held at the Kawhia Sports Club next Friday 20th September starting at 12noon.

From the information we have received, a hangi will be served. Kawhia School will be providing the chickens and stuffing.

If you would like to donate any chickens or stuffing ingredients for the hangi, please let us know by this Friday at the latest.

Following the hangi, the children will be performing a few items, which we are currently practising our daily.

On the day, the children will be released to go home from the Kawhia Sports Club.

Finally, I'd like to wish my son and former Kawhia School student, Kawharu best of luck as he competes at the Chess Nationals in Auckland today!

Go, Team New Zealand! We are playing the races in both rooms live every morning.

'EVERYONE NEEDS TO PUSH PLAY 30 MINUTES A DAY'

False. Adults need to push play for at least 30 minutes each day, but children need at least 60 minutes of huff and puff a day. So get star jumping, riding your bike, running around and playing games/sports that will increase your huff and puff time to keep you fit and healthy!
