COVID-19 Update

We have had a few queries about how our school is affected with the Covid-19 situation.

The most recent information from the Ministry of Education is as follows:

1. School camps are not an option
2. Avoid school assemblies and travel for sporting and cultural events where students are in close proximity for over 15 minutes. The justification for avoiding assemblies and travel is to limit 'close contact'—contact within 1.5 metres of a person for 15 or more minutes.

Apart from managing or postponing assemblies, camps and travel for sporting and cultural events, it is **business as usual**. Schools are open given the extremely low rate of infection in New Zealand and low chance of a widespread outbreak is low. Should the situation change, then schools will be informed and will act quickly in the interests of their students, staff and community. This means all students and staff who are fit and well are expected to attend school unless we are otherwise directed by the Ministry of Education.

Currently, our planned school swimming sports and trip to the Lagoon do not fit in the above categories, so they will proceed unless the situation changes and weather is permitting.

As you have been doing, please continue to focus on prevention of spread including through:

Washing hands with soap and water for 20 seconds and drying thoroughly - before and after eating as well as after attending the toilet

Covering coughs and sneezes with clean tissues or with an elbow
Putting used tissues in the bin,
